# Environment for career and mobility of researchers in Europe

- European Mobility strategy (2001) - turning the 'brain drain' into 'brain gain' and using the 'brain circulation' of researchers for the benefits of the new economy and the society in Europe
- European Charter for researchers and Code of Conduct for the recruitment of researchers
- Mobility funding - FP7 Marie Curie Actions
- Scientific visa package - to attract 3<sup>rd</sup> countries' researchers
- European partnership for researchers (2008)
- Strategy Europe 2020 - flagships initiatives:
  - Innovation Union
  - Youth On the Move
  - Agenda for new skills and jobs

## European Charter for researchers and Code of Conduct for the recruitment of researchers (C&C)

- **Charter** – a set of general principles and requirements which specifies the roles, responsibilities and entitlements of researchers as well as of employers and/or funders of researchers
- **Code** – a set of general principles and requirements that should be followed by employers and/or funders when appointing or recruiting researchers

## General Principles and Requirements applicable to Researchers:

- Research Freedom
- Ethical principles
- Professional responsibility
- Professional attitude
- Contractual and legal obligations
- Accountability
- Good practice in research
- Dissemination, exploitation of results
- Public engagement
- Relation with supervisors
- Supervision and managerial duties
- Continuing Professional Development

## General Principles and Requirements applicable to Employers and Funders:

- Recognition of the profession
- Non-discrimination & Gender balance
- Research environment & Working conditions
- Funding and salaries & Recruitment
- Stability and permanence of employment
- Participation in decision-making bodies
- Career development & Value of mobility
- Evaluation/appraisal systems
- Access to research training and continuous development
- Access to career advice
- IPR & Co-authorship
- Supervision & Teaching
- Complaints/appeals

## ○ General Principles and Requirements for the Code of Conduct:

- **Recruitment:** open, efficient, transparent, supportive and internationally comparable
- **Selection:** Selection committees
- **Transparency:** Candidates to be informed for recruitment process, selection criteria, available positions, career development prospects
- **Judging merit:** focus on whole range of experience
- **Recognition of mobility experience**
- **Recognition of qualifications**

## ○ Commitment of European and national institutions :

- to **ensure open and transparent recruitment of researchers**, including job advertisement at the EURAXESS portal, and to establish procedures for recognition of diplomas and qualifications from other countries and sectors;
- to **provide social security and supplementary pension** opportunities to mobile researchers, and increase their awareness on the respective rights and practice;
- to **ensure attractive employment and working conditions** for both young and experienced researchers by applying the ‘flexicurity’ principle;
- to **equip researchers with skills and competences** necessary for working in open and competitive environment, for clear communication of ideas and undertaking innovation and entrepreneurial activities.

- ensure excellence in education and skills development
- overcome the fragmentation in the European Research Area
- support the movement towards a ‘fifth freedom’
- support open innovation and creativity
- enhance regional cohesion

- Knowledge and innovation – essential factors for sustainable development and competitiveness
- Organizational learning – generation and effective application of knowledge
  - How knowledge could contribute to socio-economic benefits in EU?
  - How to facilitate knowledge transfer?
  - How to enhance EU excellence in research and technology?
- Knowledge transfer
  - Comprises gathering and dissemination in explicit (patents) and tacit knowledge (know-how) form and expertise from those who generate them to those who transform them to economic results
  - Include commercial and non-commercial activities: research collaboration, consultations, spin-off creation, researchers' mobility

BULGARIA FOR RESEARCHERS

Welcome to the portal of EURAXESS BULGARIA! We provide information and assistance to mobile researchers – by means of this portal and with the support of our national EURAXESS Service Centres. This portal contains practical information concerning professional and daily life, as well as information on job and funding opportunities. The service centres help researchers and their family to plan and organise their move to a foreign country, providing assistance in all matters related to mobility, see our services commitment.

All services of the EURAXESS Network are free of charge.

If you wish to search for job opportunities or information about living in another European country, please visit the national EURAXESS portals in our 35 European partner countries and contact their EURAXESS Service Centres.

MeWi EURAXESS for companies

MeWi Dear researchers, dear colleagues, dear friends! Help us improve!

Impact project team starts collecting the views and experiences of mobile researchers in the EU. Thus we hope to identify the gaps in the upcoming researcher mobility skills training and to improve the training program. We kindly invite all mobile researchers to help us and to fill in the questionnaire. For queries regarding the questionnaire please contact: louise.sikh@ncac.org.uk
